Biography

Drawing from his country, small town roots, Shane Dawson's personal experience told through song will remind you of what you love most about country music. Shane is a hometown Kentucky country music artist, songwriter and performer growing up in the heart of the Bluegrass. His dedicated and growing group of fans have followed him from local bars to city clubs to state fairs and large arenas.

Shane didn't pick up his first guitar until he was a high school freshman, but his passion quickly grew for playing, singing and songwriting. This young, but accomplished musician writes from his heart. Hard work, family values and good friends are common threads in his music and the reason he is the man he is today.

From rocking country anthems to soul searching ballads, Shane is on his way now writing with hit makers and recording and playing with some of Nashville's best.

Climb aboard the Shawn Dawson train...it is gonna be a wild ride you don't want to miss!
